

BONESCHI DISABLED PERSONS VEHICLE

DISABLED PERSONS VEHICLE

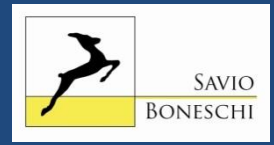

Boneschi has a long term tradition and know-how in fitting vehicles for disabled persons.

The vehicles are addressed both to private sector and public sector, so they can be bought both by Public Entities and by private citizens. Therefore, the fittings are targeted on demand, in order to suit and satisfy any particular need, first of all the exploiting of the space.

DISABLED PERSONS VEHICLE

The fitting is complete and includes a single or double lift, seats if required, and rails/fixes and restraining belts.

We pay attention to materials and devices, in order to grant both security and confort to passengers.

Lifts, seats and fixes are certified and in accordance to european and county regulations.
